

ATT Reporting Experiences

ATT-BAP is conducting a questionnaire on States' views toward ATT reporting obligations. Information on national reporting collected by ATT-BAP will be aggregated and anonymized and shared with participants of the ATT Working Group on Transparency and Reporting and the Third Conference of States Parties to support reporting efforts. The project is funded by the United Nations Trust Facility Supporting Cooperation on Arms Regulation (UNSCAR), as well as the Governments of Australia, Finland, the Netherlands, and the United Kingdom.

The attached questionnaire invites you to present your views on the process of compiling and submitting (a) the initial report on measures undertaken to implement the ATT and (b) the annual report on actual or authorized imports and exports of items included in the scope of the ATT. All completed questionnaires will remain confidential. Information provided in questionnaires will be aggregated and used to provide examples of good practice or particular challenges without identifying the respondent.

Please return completed electronic copies of the questionnaire to: att@stimson.org
